Rahul Gupta

DevOps & Cloud Engineer

rahul.workconnect@gmail.com | +91 9820829166 |Mumbai | https://www.linkedin.com/in/amrahulgupta/

Professional Summary:

Results-driven DevOps & Cloud Engineer with over 5+ years of experience in AWS cloud infrastructure, CI/CD pipeline, Infrastructure as Code (IaC), and containerization. Skilled in Terraform, Ansible, Docker, AWS (EKS), CI/CD (Jenkins, GitLab CI/CD), and monitoring (Prometheus, Grafana, ELK Stack). Passionate about building scalable, secure, and cost- efficient cloud solutions.

Technical Skills:

- **Cloud and Infrastructure:** AWS (EC2, S3, RDS, Lambda, VPC, IAM, ECS).
- **Infrastructure & Automation Tools:** Terraform, Ansible.
- **CI/CD: -** Jenkins, GitHub Actions, Gitlab CI/CD.
- **Programming and scripting:** SQL, Python, Linux.
- **Databases:** MySQL, DynamoDB, MongoDB.
- **Containerization:** Docker, Kubernetes (AWS EKS).
- **Monitoring & Logging:** Prometheus, Grafana, ELK Stack, Datadog.
- **Networking & Security:** SSH, IAM, VPC, Load Balancing, DNS.
- **Version Control and Collaboration –** Git, GitHub, Jira, ServiceNow, Confluence.

Professional Experience

Application Analyst & DevOps Engineer.
Argus Media LLP, Mumbai, India. 09/2023 – Present

- Automated AWS infrastructure using **Terraform & Ansible**, reducing manual configurations by 90% and aligning with infrastructure as Code (IaC) best practices.
- Developed **CI/CD pipelines** with Jenkins CI/CD, cutting deployment time by **70%**.
- Deployed and managed containerized applications using **Docker**.
- Monitored system performance using monitoring solutions like Prometheus, Grafana, and AWS Cloudwatch.
- **Collaborated** with UK based IT teams, operations team, and management while reporting to the Team Lead to ensure effective implementation and maintenance of security measures.
- Maintaining accurate documentation of tool configuration, integrations, and procedures on **Confluence page**.
- Demonstrating **presentation** to the management and Teams to communicate progress, trends, and insights.
- Provided **L1/L2 production support**, troubleshooting application and infrastructure issues.

- Managed and deployed **containerized applications on AWS**, improving system scalability by **40%**.
- Built **Infrastructure as Code (IaC)** patterns, cutting infrastructure provisioning time from **3 hours to 15 minutes**.
- Automated AWS infrastructure (EC2, S3, IAM, VPC) using terraform and Ansible, aligning with infrastructure as Code (IaC) practices.
- Developed and maintained **CI/CD pipelines** using **Jenkins & Gitlab** to streamline infrastructure deployment and configuration management, reducing release failures by **60%.**
- Used **Ansible** for configuration management across 30+ servers, reducing deployment times by 60%.
- Deployed and managed **observability tools (Grafana, Prometheus, ELK Stack, Cloudwatch)** in AWS, improving system monitoring efficiency by **45%**.
- Implemented **ITIL best practices** for incident, problem, and change management.

System Engineer.
TCS Tata Consultancy Services, India 12/2019 – 09/2023

- Implementing regular alerting and monitoring of network performance which reduce application down time.
- Automated routine tasks using **PowerShell and Python**, reducing manual effort by 40% and minimizing errors**.**
- Handling second-level escalation and proper resolution of the raised concern **resolved 95% of tickets within SLA**.
- Managed and updated documentation and standard operating procedures in compliance with internal **Information Security Management** policies.

- Provided administration and support for **Windows and Linux servers**, ensuring patch management and system security compliance.
- Supported users and technical teams with troubleshooting and resolving complex issues.
- Daily work includes handling regular tasks, helping with issues from the operations team, adhering to **ITIL.**
- Automated routine tasks and streamlined DevOps workflows using **Shell scripting.**

Education:

1. **BSC in information Technology**
   Gurunanak College, Mumbai University, Mumbai, India 2016 - 2019

Certifications

- **AWS Certified Solutions Architect - Associate** | aws.com
- **Azure Fundamental Certified AZ-900** | Microsoft.com
- **Professional Scrum Master-1**| scrum.org
- **ITIL Foundation Certification** | TCS Internal
